Subject.

Govt Anna Chattram at Nagamangala.

LAST REFERENCE:—

Letter No. 98, dated 26th September 1902, from the Deputy Commissioner Mysore District.

The Anna Chattram at Nagamangala has been in the enjoyment of a cash Jasdik of Rs 862-8-0 per annum. This is one of those institutions which have not been revised.

In January 1901, the Deputy Commissioner submitted an estimate for Rs 233/- for repairing the Chattram, and recommended that there being little or no savings available at the credit of the institution, the estimated cost thereof might be met partly from the Hosahead Funds and partly from the General Surplus Funds of the District.

The estimate was however returned un-
sanctioned, and the Deputy Commissioner
was requested to stop feeding in the
Chatram for such period as might be
necessary to accumulate sufficient
funds for the repairs thereof, as was the
standing order on the subject

In January 1902, the Deputy Commissioner submitted another estimate, for Rs 974/- for the repairs of the Chatram and proposed to meet the cost from the "General Surplus Funds". In February of the same year another communication was received stating that the Amildar reported that the large number of Pilgrages who frequented the place, were being put to much inconvenience on account of the non-supply of provisions to them and suggested that the pay of the cook and Parichanak which was being saved, might be applied for that purpose; but that himself and the Sub-Division Officer was of opinion that the feeding in the Chatram might be revived and conducted in the

Sanskrit Pathasala until the repairs of the Chathram were completed.

As it was however observed, from the records received with the above communication that the Auildar had certified that Rs 1388/- had accumulated in favor of the Chathram, the Deputy Commissioner was requested to state why the repairs should not be carried out from that amount and why the estimate had been raised to Rs 974/- from Rs 233/- as per the first estimate. He was further requested to submit his proposals regarding the establishment for the Chathram in case the feeding therein was revived, and to report where the ~~pathasala~~ Pathasala was then located.

In reply, he now reports that at the time when the first estimate was prepared, only sundry repairs were needed to the Chathram buildings, but that it became very much dilapidated when the second estimate for Rs 974/- was submitted to Govt; but that when last he visited the buildings he found that it was

entering Mrs

in such a bad condition that it would be
useless spending any money on the old buildings,
situated as it is in the heart of the
town, and recommends that the Chathram
may be shifted to a building on the
roadside belonging to one Hospital Assistant
Mr. Nanjundiah who is prepared to give it
for Rs 500/- and a sum of Rs 1,797/- spent
thereon to alter it to the requirements
of the Chathram, as per estimate submitted
herein. He further adds that the Sanskrit Patasala is at present held
in the A.V. school, and
that until the
above works are completed, the Chathram
may be temporarily located in the Sanskrit
Patasala, and rice doles given to travellers.

The Deputy Commissioner also
submits proposals as marginally noted -
regarding the establishment, when the
Chathram is newly started.

1. Parpatagar
2 Cook
3. Paricharak.
4. Sweeper.
5. Devarpuje.

There is a Ramadevaru idol
in the old Chathram to which worship is being
carried on. As the townsmen are averse
to the said idol being taken to the proposed
Chathram building, the Deputy Commissioner
recommends that the same will have to be left
as it is in the old Chathram and arrangements

will have to be made for its worship there alone.

As regards the source from which the above ~~sa~~ mentioned amounts of Rs 500 and Rs 1797/-, ~~the~~ may be met, the Deputy Commissioner states that a sum of Rs 2,343-9-0 is reported by the Amildar to be available at the credit of the Chatram, at the end of June 1904 but that the Treasury Officer states that only Rs 44-1-11 is so available.

The Secretary intends visiting Nanjangud shortly ~~Submitted~~ in connection with the Chamundi matter.

Muzrai Secretary's Remarks:-

The Government Annachattram at Nagamangala having fallen into a state of great dis - repair, feeding therein was stopped by order of the Government with a view of accumulating funds for the renovation of the building. It has now been ascertained that a sum of Rs. 3754-15-7 is now at the credit of the Institution. The Deputy Commissioner has submitted a plan and an Estimate for Rs. 3636/- for thoroughly reconstructing the -- building . He has also been representing that much inconvenience has been caused to ~~themselves~~ travellers by the

stoppage of feeding and requesting that feeding may be revived or at least the grant of raw rations may be ordered.

A sum sufficient to bear the cost of the estimate having been now accumulated I think orders may now be given sanctioning the estimate - for Rs. 3636/- and directing that the work be executed under the careful personal supervision of the Amildar.

As regards the revival of feeding, it seems sufficient to order the grant of raw rations alone for the present so that the entertainment of a costly Establishment may be avoided.

The Deputy Commissioner states that on requesting the Executive Engineer, to carefully inspect the building and to furnish his opinion as to whether Corrections or alterations were necessary in the Estimate as it was prepared long ago, that officer has forwarded a revised Estimate for Rs 4210/- with a report explaining the details. A Sum of Rs. 4562-7-2 is reported to be available at the Credit of the Chattram on 1st Aug 1908. His Letters nos 201 & 213 dated 11th and 20th February 1903, respectively, submitting an Estimate for Rs 974 for repairing the mosque in Amin Chattram at Nagamangala and proposing the removal of fencing Hussain.

Has the honour to observe as follows: —

Firstly as regards repairs: —

The original Estimate submitted by the Dy Comr in

in 1901 were for Rs 233,
while the present Estimate
is for Rs 974. The Estimate
is not accompanied by -
the usual report explaining
the nature of the repairs
items
proposed to be executed and
the reasons for increase
in each item, when compared
with that provided in the
original - Estimate, the
present Estimate does not
appear to have been checked
either by the Sub-Div Officer
or by the Assistant-Comr
of French-Rocks Sub-Div,
in consultation with an
Officer of the D. P. W.

From the Auditor's
Report it is observed that
a sum of Rs 1388 has accumulated
from the Chattisgarh Famine

but there is no Treasury
Certificate to show that
the Lusdik allotment was
actually drawn and
credited to the Chittoor
Funds every month — If,
as reported by the Sinistor,
there is a sum of Rs 1388
available at the credit
of the Chittoor, it is not
quite clear why the
estimated cost should
be met from the "General
Surplus Funds" of the
District, as proposed
by the Dy Commr.

Secondly, as regards
revival of funding in the
Chittoor :—

It is proposed to
utilize the Lusdik
Partamala building for

the funding purposes - But it
is not clear from the
records, whether the Patwanda
question is now being held
elsewhere, whether the building
proposed to be used for the
Chattram purposes, is
now actually vacant
and fit for the purposes of a Chattram temporarily,
and what Establishment
is now required to survive
funding -

The Dy Comm is
therefore requested to submit
a detailed report on
all the foregoing points -

~~In connection with the Establishment,~~
As the Establishment
of this Chattram is not
yet revised, ~~the Dy Comm~~
this opportunity should
be availed of to reduce
the number of servants in

Dated Mysore 24 September 1904.

L. Anantasami Rao Esq BA
Secretary to the Government of
Mysore in the Muzrai department.

Sir,

With reference to your docket No 1893/1902 dated 18th March 1903 calling for further information regarding the repairs of the Muzrai Anna Chatrum at Nagamangla and the revival of feeding therein, I have the honor to state that the 1st estimate for Rs: 233/ was prepared for sundry repairs which were found very necessary at the time of its preparation. Subsequently an estimate for Rs: 974 was prepared as the building was found in a very dilapidated condition and required more extensive repairs. On personally inspecting the chatrum, I am of opinion that there is no use of spending money on an old building like this for repairs which cannot be done thoroughly and satisfactorily unless the building is altogether pulled down and rereected. As this building is not situated by the road side and is in the heart of the town, it is advisable

L

to let it alone and find another suitable place for building the chattram anew. There is a house belonging to Hospital Assistant Mr. Nanjundiah who agrees to part with it for a sum of Rs. 500/-. It is by the road side and well suited for the chattram. I have submitted herewith for sanction an estimate for Rs. 179/- duly checked by the Officer of the Public Works Department for altering and adding to the requirements of the chattram. In the old chattram, there is an idol of Pranadevaru which is being worshipped ever since the building of the chattram. As the public of Nagamangala are averse to removing the idol elsewhere, it is necessary to leave it there alone the puja being performed by the pujari of the chattram

The establishment required for the chattram at present is noted in the margin.

The Amildar reports that there is a sum of Rs. 2243-9-- at the credit of the Hospital and Surplus funds of the chattram. The District Treasury Officer says that only Rs. 14 11 1 are at the credit of the chattram.

The Sanskrit Patashala is being held in the Anglo vernacular School. The former building is vacant. Till the building of the chatram is completed "Seeda" (rice dole) may be given to the travellers.

I therefore request sanction for the above. The entire correspondence on the subject is herewith re submitted.

Sir,

Adverting to Government Proceedings No. 4495-6 dated 16th April 1908 sanctioning an estimate for Rs 3636/- for reconstructing the chattram building at Nagamangala, I have the honor to state that as the estimate was prepared nearly two years ago I requested the Executive Engineer Mysore division to carefully inspect the building and furnish his opinion as to whether any corrections or alterations were necessary.

Accordingly the Executive Engineer has forwarded a fresh estimate amounting to Rs 4210/- with a report explaining the details which is herewith

submitted

Submitted in original and States that on actual measurements being taken it was found that the dimensions noted in the plan Submitted by the Amildar were incorrect, that correct measurements are now noted in red ink on plan and that the Sections proposed by the Amildar being weak, correct Sections are now Separately drawn and estimated for.

3. For the foregoing reasons the fresh estimate amounting to Rs 4210/- herewith Submitted may be Sanctioned and the work ordered to be carried out by the Department of Public Works.

4 The original Sanctioned estimate and plan are herewith Submitted for reference.

5 orders have been issued in the matter of the distribution of raw rations alone for the present.
